MESSAGE FROM THE OFFICE OF THE GENERAL SECRETARY.

Grace and peace to you in the name of our Lord Jesus Christ.

As we conclude the second quarter of 2026, we thank God for His faithfulness and the continued impact of the Council of Churches in Zambia across the country.

During this period, CCZ strengthened its commitment to holistic ministry through programmes in health, education, youth development, social justice, economic empowerment, and environmental stewardship.

One of the highlights of the quarter was the visit by VisionSpring Regional Leaders, who visited the CCZ Secretariat to appreciate the progress being made under the Reading Glasses for Improved Livelihoods Programme.

Their visit reaffirmed the growing impact of the initiative, which has so far screened more than 157,000 people across eight provinces, improving access to affordable reading glasses and enhancing livelihoods for thousands of community members. We remain grateful to VisionSpring for this transformative partnership.

The quarter also marked a significant step in strengthening CCZ's operational capacity with the acquisition of two Toyota Hilux vehicles.

These vehicles will enhance programme implementation, monitoring, and service delivery in communities across the country, enabling CCZ to more effectively reach and support the people we serve.

We also continued investing in the next generation through the training of Sunday School teachers, youth leaders, and pastors, while empowering caregivers of orphaned and vulnerable children with skills and resources to build sustainable livelihoods.

Through our Social and Economic Justice Office, CCZ convened the Sinazongwe Alternative Mining Indaba, providing a platform for communities and stakeholders to engage on issues of accountability, environmental stewardship, and community development.

As Zambia moves closer to the 2026 General Elections, CCZ remains committed to promoting peace, unity, and responsible citizenship. We are therefore pleased to launch a new Peacebuilding Initiative supported by UNDP in collaboration with the Evangelical Fellowship of Zambia (EFZ) and the Zambia Conference of Catholic Bishops (ZCCB).

Through this partnership, we will work to strengthen peaceful coexistence, dialogue, and conflict prevention before, during, and after the elections.

I wish to thank our member churches, partners, and all stakeholders for their continued support. Together, let us remain committed to being instruments of hope, justice, peace, and transformation in our communities and nation.

REV. CANON JAMES PHIRI
THE GENERAL SECRETARY

CCZ Celebrates the Ministry and Service of Rev. Jane Nyirongo

The Council of Churches in Zambia (CCZ) joins the Christian community in celebrating the life, ministry, and distinguished service of Rev. Jane Nyirongo as she retires from active ministry.

QUESTIONABLE CHAPLAINS CONCERN CCZ, CHAPLAIN GENERAL OF ZAMBIA

CCZ GS Rev. Canon James Phiri poses for a photo with Chaplain General of Zambia, Brigadier General Rev. Dr. Henry Matifeyo

The emergence of mushrooming self-proclaimed chaplains in the country has raised concern for the Council of Churches in Zambia (CCZ) and the Chaplain General of Zambia.

This came to light during a courtesy call on the CCZ Secretariat by a delegation led by the Chaplain General of Zambia, Brigadier General Rev. Dr. Henry Matifeyo. The delegation was received by CCZ General Secretary, Fr. James Phiri.

Speaking during the meeting, Brigadier General Rev. Dr. Matifeyo noted that the Council of Churches in Zambia (CCZ), alongside other credible church mother bodies, remains a critical and historic institution.

He emphasized that CCZ's values of social justice, accountability, and integrity strongly align with those of the Chaplaincy. He further congratulated Fr. Phiri on his appointment as General Secretary and reaffirmed the Chaplaincy's commitment to continued collaboration with CCZ in advancing shared values and contributing to national development.

In his remarks, Fr. Phiri highlighted that the Council continues to utilize platforms within its higher learning institutions particularly through the office of the CCZ Chaplaincy to provide moral guidance and a strong ethical compass to students, an initiative he described as increasingly yielding positive results.

Both leaders expressed concern over the growing number of self-proclaimed chaplains, describing them as a potential risk to national unity due to their questionable credibility and authenticity, which could mislead the public.

CCZ reiterated its commitment to safeguarding the prophetic role of the Church, ensuring that it remains uncompromised while fostering unity, accountability, and moral integrity in the nation.

Hope Begins at Home: CCZ's Commitment to Vulnerable Children and Their Caregivers

Gender and Health Officer Mrs Evelyn Chirwa during the hand over with the care givers

For many orphaned and vulnerable children, hope begins with a caring hand, a listening ear, and a compassionate heart. Across Mulobezi, Zambezi, Batoka, and Kapiri Mposhi districts, the Council of Churches in Zambia (CCZ), through its partnership with Kerk in Actie, is witnessing the transformative power of caregivers who have dedicated themselves to supporting children in need.

Drawn from various CCZ member churches, these caregivers have become a lifeline for vulnerable children within their communities. Despite facing their own economic and social challenges, they continue to open their homes and hearts, providing care, protection, guidance, and encouragement to children who need it most.

Their commitment goes beyond meeting immediate needs. Every day, they help restore hope, nurture confidence, and create safe environments where children can grow, learn, and dream of a brighter future. In many cases, caregivers use their own limited resources to ensure that children under their care are not deprived of the love, support, and dignity every child deserves.

Their commitment goes beyond meeting immediate needs. Every day, they help restore hope, nurture confidence, and create safe environments where children can grow, learn, and dream of a brighter future. In many cases, caregivers use their own limited resources to ensure that children under their care are not deprived of the love, support, and dignity every child deserves.

Recognizing the vital role these caregivers play, CCZ has taken deliberate steps to strengthen their capacity and resilience. Through targeted training in income-generating activities, caregivers have been equipped with practical skills to improve their livelihoods and better support the children entrusted to their care.

For CCZ, this intervention is about more than economic empowerment. It is about strengthening families, restoring dignity, and creating communities where vulnerable children can thrive. By investing in caregivers, the Council is investing in the future of children and helping to build stronger, more resilient communities.

FACES BEHIND THE MISSION

Mr. Katongo Lwenga,

His name is Mr. Katongo Lwenga, one of the quiet but impactful faces behind the mission of the Council of Churches in Zambia.

For years, CCZ has been able to reach communities across Zambia regardless of distance or terrain through the diligence, commitment, professionalism, and selfless service of Mr. Lwenga.

we pause to celebrate his passion, dedication and the invaluable role he continues to play in advancing the work of the Council.

Much of what we accomplish in communities is made possible because someone ensures that letters are delivered on time, invited guests are safely picked up and dropped off and materials reach their intended destinations.

Behind many successful programmes and engagements, there is often someone working faithfully behind the scenes and for us, Mr. Lwenga has been one of those pillars. He has been more than an employee; he has been a symbol of hard work, responsibility, reliability, and service.
